Report No. 2

Aug 22, 1960 209.30 - 14.50 hrs.

I met Irena P. in the city at the place we had agreed yesterday. The purpose of to-day's meeting was to learn more about the contact and to give her the idea what I really intended to do in Rome.

- 1. IRENA PACLVICIUS.
- 2. Rome / Italy. Via dei Torriani 32.
- 3. a. This meeting has been arranged personally between us yesterday.
 - b. Next meeting has been scheduled for Aug 23, 1960, at Vatican.
- 4. There were no other people present during our meeting.
- 5. As to her biography it could be added that she finished the College of Arts in Vienna, Austria. Speaks good Lithuanian, Italian, French, German, and Russian. Understands English.
- 6. During this meeting Irena P. paid much attention to me as to a person who does not know anything about Rome. And she really did her best to show and to explain to me as much as possible. At the same time I gave her to understand that I came to Rome hoping to meet here tourists from the Soviet Union, especially from the Baltic countries Latvia and Lithuania. I told her, I believed that there might be also tourists from that part of the country, where my relatives, about whom I have not heard since the end of the war, lived. Subject reacted to that immediately and said, that my hopes were futile and that there will be no tourists from the Soviet Union. To my question how it comes that she was so sure about this, she replied that we should already know that the Soviet Union does not allow "regular" tourists to leave the country. Only official delegations can travel. No one can even visit and talk to the Soviet sportsmen in the Olympic Village in Rome, where they are accommodated together with the sportsmen of other nationalities. Russian

sportsmen are always surrounded by supervisors. In a word, she told me to drop the idea that I could eventually meet someone from Lithuania or Latvia. But I gave her to understand that I still would not like to disregard such a possibility. During this our tour of Rome she spoke mainly about her professional life.

- 7. Characteristically enough subject likes to critisize the way of life of Lithuanian priests in Rome. But I did not show much interest for that. As to her professional work, she mentioned that she would like to make as much as possible use of the good summer time to finish the works she had already begun. However, she was still willing to continue with me, to show me the city.
- 8. Subject still does not know my name and did not inquire about it. Neither did she ask what is my profession. The only thing I told her was that I am living in Hamburg. I believe I should continue developing her.
- During this meeting I paid all the tram and bus fares and for her lunch.
